

**Our Vision:**  
**Supporting, improving and maintaining good attendance at Southcoates Primary Academy**

Whole School Culture	Policies, Systems and Processes	Professional Development	Personalised Interventions	Community Capital
				
<p><b>We want to ensure that school is a safe, friendly and engaging place for children to learn so that everybody wants to be in school every day.</b></p>	<p><b>We have policies and processes that are fair and supportive so that we can work together to ensure all children have good attendance.</b></p>	<p><b>Staff are trained to recognise the importance of good attendance and to be able to identify when support needs to be offered.</b></p>	<p><b>We offer support to families and aim to develop strong relationships between school and home.</b></p>	<p><b>We work with community groups, families and the local authority to overcome any barriers to good attendance.</b></p>

*As a school community, we value the importance of supporting each other to improve school attendance – it is everyone’s responsibility!  
 Built upon the foundations of good relationships between home and school, we listen, we support, we inform, we reward and we challenge.*
