

## **Pupil Premium: 2019 / 2020**

The 'Pupil Premium' is a fixed sum of money allocated to schools to support those children who most need additional support. It is targeted to help children overcome the barriers they face to their learning. The main barriers we have identified are:

- Language development (specifically talking and reading)
- Social and emotional aspects of learning
- Enrichment and experience
- Learning to learn - learning dispositions
- Attendance & Punctuality (including 'persistent absenteeism')

The impact of how we utilise this funding is monitored closely:

We analyse which pupils are underachieving and why this happens: this gives us a realistic view of the barriers to achievement experienced by many pupils and allows us to formulate an appropriate response.

We use a range of evidence including the Education Endowment Fund toolkit to allocate funding strategies that have high impact.

We place greatest emphasis upon high quality teaching and interventions are planned in waves to support learning where pupils need to catch up or require additional challenge.

We use internal and publicly available achievement data to check the impact of interventions and to make adjustments where these are necessary.

The Principal has oversight of how Pupil Premium funding is being spent and holds staff to account for progress via termly 'Pupil Progress Meetings'.

Governors have an understanding of the way that Pupil Premium funding is used to support achievement and demonstrate challenge to leaders around the impact of this additional resource. They ensure that money is spent appropriately and monitor impact.

The allocation of resources is reviewed on a termly basis and Governors approve the overall spending on an annual basis. This is undertaken in the Summer Term, in order to plan for the new academic year.

**This is a breakdown of our current allocation.**
