

## Curriculum Intent

At Southwold School, the Modern Foreign Languages curriculum is French. It will be delivered with clear progression across the whole school to ensure every learner becomes a confident linguist. We are committed to encouraging pupils to become curious and interested in the world around them with rich language opportunities. At Southwold we have a diverse community made up of many languages which we celebrate.

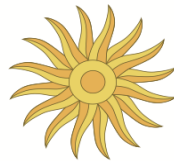

We aim to support children in their knowledge of other countries and cultures so that they can be more open and adaptable to new experiences, ensuring that each topic contains an element of cultural reference. We want our children to have a love of languages and aim to achieve this by nurturing a linguistic curiosity and an intrinsic motivation to explore and respect other cultures and people.

Our enquiry-based curriculum is underpinned by our school values. It supports children in developing their perseverance and resilience as they work hard and challenge themselves to acquire a new language and skills.

## Curriculum Impact

By the end of KS2, Southwold children will have:

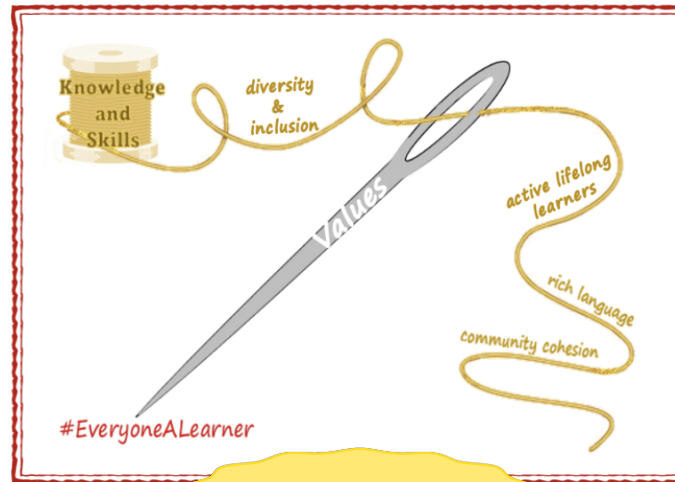

- The confidence to speak French with good intonation and pronunciation.
- A passion for language learning.
- An awareness of French speaking countries and culture.
- Fluency in reading simple French texts.
- Opportunities to write in a range of genres in French

## Curriculum Implementation

Each of our topics, is built upon from a termly, enquiry-based question and our languages curriculum and appreciation of culture from around the world links into this, where appropriate, in a creative and engaging way.

Through carefully crafted, active lessons, our children will learn to:

- Speak, read, and write in French,
- Immerse themselves in high quality French texts and learn through songs and actions.
- Discover and learn about the culture of the countries where French is spoken.

Enriching experiences such as learning about and embracing cultural festivals across the year through our whole school curriculum.
