

SERVICE CHILDREN PP Strategy Statement 2022/2023

1. Summary Information					
School	Southwold Primary and Nursery School				
Academic Year	2022/2023	Service Children:	16 £5120	Date of Review:	September 2022

What will the money be spent on?	Why have you chosen this?	How much will it cost?	How will it benefit the Service Children?	How will you know it has made a difference? What is the intended impact?
Learning Mentor availability to support children emotionally when needed.	Children have to deal with detachments and other events which cause emotional distress.	£3000 contribution towards salary of learning mentor	The children will have access to the inclusion team and wellbeing suite when they need some social and emotional support.	The barriers to reduce their learning capacity will be removed and they can attend lessons knowing they have someone to talk to.
Service children PLT lead and intervention club once a term	Responsibility to PLT leader in Year 6. A club and space for service children to talk freely where others can understand what they are going through.	£500 to set up club and have their profile raised around the school.	The children will have a termly club where they can talk to other children going through similar things to what they go through with their family. The children will recognise each other around the school and offer support and advice where needed. Peer to peer support and actions.	Children will have a raised profile around the school and will feel able to talk about their experiences freely and openly.
Special events and trips to support emotional needs and give opportunities outside of school life.	Allow children the opportunities to experience out of school activities which they may not have when a parent is away from the family home for a long time.	£1600	The children will gain experiences and opportunities which they may not have due to parents being away from home for long periods of time. Support emotionally and for mental health and wellbeing.	Children will have improved and developed mental health and wellbeing support.
