

## Sports Premium Impact Statement

### Primary Physical Education and Sport Premium

Since September 2013, all primary schools across England have received a share of the Government £150m per annum Primary Physical Education and Sport Premium. In September 2017 the total grant available was doubled to £300m. The funding is ring-fenced and must be spent on additional and sustainable improvements to the quality of PE and sport Primary Schools offer so that pupils develop healthy lifestyles. Our overriding aim is to achieve self-sustaining improvement in the quality of physical education in sport at Southwold School.

### What does this mean for Southwold?

Southwold received £18210 for the previous academic year.

£3,000 of our grant has been spent on our annual affiliation to North Oxfordshire School Sport Partnership (NOSSP).

This affiliation gives Southwold access to:

- regular expert advice and support from a secondary PE specialist,
- quality assured professional development training for teachers and teaching assistants,
- termly networking opportunities for our PE lead,
- occasional input and support from qualified sports coaches,
- access to regular sports competitions and festivals including national School Games competitions,
- support with the development and delivery of primary Change4Life sports clubs,
- links to quality assured community clubs and leisure providers,
- data collection to help measure and monitor progress and impact,
- regular national and local updates relating to PE,
- children's health and well-being and school sport.
- NOSSP affiliation also provides automatic primary Level 2 membership to Youth Sport Trust and a range of additional benefits and support including the Youth Sport Trust Quality Mark.

Southwold has achieved Silver Youth Sport Trust Quality Mark 2017-19 for our current PE provision and outcomes, and Gold School Games Mark 2017-18, 2018-19, 2019-20 and 2021-22 for our commitment to and the development of competition, school sport and physical education across our school and into the local community. Southwold also came first in the Street Tag competition (virtual tag game to encourage families to be more active).

## Sports Premium Impact Statement

### 2022-23 Impact Statement

Southwold School received £18710 for the academic year 2022/23.

£3000 of this funding was spent on our annual affiliation to North Oxfordshire School Sport Partnership (NOSSP).

This included Southwold School having access to regular expert advice from a PE specialist, this offered:

- Occasional in school support for teachers from specialist PE mentors,
- quality assured professional development training for teaching assistants,
- occasional input and support from qualified sports coaches,
- access to regular sports competitions and festivals including national School Games competitions,
- support with the development and delivery of primary Change4Life sports clubs
- evaluation tools to help measure and monitor progress and impact.
- CPD and networking for our PE lead.

NOSSP also provided full primary membership to Youth Sport Trust and a range of additional benefits and support including the Youth Sport Trust Quality Mark.

Southwold were also given a grant to invest in a bike library. We now have 20 bikes and all safety equipment as well as a locked bike shed to keep it all safe. 4 members of staff are trained to deliver bike lessons to the children (including a staff member in the SEND Resource Base). Our mission is to enable every child to have access to learn to ride a bike successfully and confidently by the time they leave primary school. We have recently been awarded a further £1000 to maintain and refurbish bike equipment.

The remaining money was spent to raise the profile of PE, improve the quality of PE provision and increase child's participation in extra-curricular activities and competitions. All children on roll at Southwold School participated in Level 1 house competitions throughout the year. Southwold have attended and participated in 5 Level 2 and 3 competitions/festivals, this year. The additional funding has enabled more children to attend these events and for school to cover costs of transport and specialist teaching and training.

Southwold have also funded taster sessions (football, dance and karate) to signpost children to physical activity outside the remit of school – this has ensured that over 95% of KS2 children were engaged in extra-curricular sport. Our Sports Week was held, where children were given challenges to complete within their classes. This included carousel of sporting events, including javelin speed bounce, throwing beanbags at a target and hurdles. 100% of children participated in these activities in some way. They represented their houses and there was an inter-school competition on sports day.

The Skip2Bfit challenge has been introduced this year through a whole school workshop and daily two-minute challenge where children are encouraged to beat their personal best score. This is having a positive impact on personal development as well as physical and mental health and wellbeing.
