Dear Parents and Carers,

Family Survey

Every year we ask parents and carers to complete a survey. It is one of the ways we find out your views about the school and identify anything we can change or improve. You can complete the survey here: [Spa Camberwell Survey](#)

If you need a paper copy or a translation please let the office know.

Curriculum Enrichment

Our summer enrichment programme has started with some excellent activities this week.

Guitar lessons Two secondary classes have started guitar lessons with specialist instructors from Southwark Music Service. Two classes from Spa Bermondsey also visit us each Monday to have their guitar lessons too.

Royal Academy of Dance 3N attended a relaxed performance at the Royal Academy of Dance last Monday. The visit was very successful and the Royal Academy are hoping to run more school based performances this term with us.

Owls A parliament of owls visited us on Thursday. A group of owls is called a parliament because owls are considered to be very wise.

Kew Gardens

Community Open Week will be taking place at Kew Gardens from 22 to 26 May 2024. This is a free event for groups and individuals who face barriers to engaging with Kew. There will be a diverse range of creative, horticultural, and science-based activities on offer, based around the theme of 'networks', alongside the opportunity to enjoy the Gardens. Thursday 23 May will be a relaxed day including reduced capacity, BSL interpretation and sensory tours. [Community Open Week 2024 | Kew](#)

Community Football

There are specialist SEND football sessions at Millwall every Friday. Contact them directly to check availability.
