

Maths Going On Holiday

Pupils will develop their understanding of money, prices, costs, time, timetables, elapsed time and routines. They will apply their maths skills by solving topic related practical problems.

English Fictional Writing & Much Ado About Nothing

Pupils will study a fictional text focusing on story lines and characters.
Pupils will be introduced to and communicate their understanding of the story themes in a Shakespearean text

Social Communication Expected Behaviour

Pupils will explore and practice expected behaviour in different locations and situations. They will learn how to repair a conversation.

PSHE Different spaces and public transport

Pupils will learn about spaces that are private or public. Some pupils will learn how to use public transport safely.

Science Variation & Classification

Pupils will learn about variables, fair testing, methods of recording and drawing conclusions.

Humanities Tourism

Pupils will learn what tourism is and its effect on communities, societies and countries.

Music Festivals

Pupils will learn about the key features of jazz. They will learn to identify instruments within a group and rhythms in jazz music, initiate a musical improvisation and follow a brief musical notation.

Drama Aesop's Fables

Pupils will develop their voice and movement performance skills by rehearsing and performing a fable for an invited audience. Some pupils will learn to make directorial decisions and guide the overall class performance of a fable.

Computing Creating Media

Pupils will develop their functional computer skills by creating and manipulating texts

Cooking Using Kitchen Appliances

Pupils will learn about the risks involved in using electrical appliances and how to use a range of appliances safely.

PE Basketball

Pupils will develop their ability to move a ball in a controlled way when bouncing, dribbling, passing and shooting. They will begin to learn about the rules of a basketball game and they will continue to learn about the importance of warming up and cooling down.

Art Silk Painting

Pupils will develop and extend their knowledge of line and space. They will engage in the design process and evaluate progress made. Pupils will also reference the work of other artists.
