

16th May 2025

Dear Parents and Carers,

Community Learning

This week 3M took part in art workshops at the Tate Modern as part of their 25th Anniversary. They had time in the gallery as part of their project taking the cameras they had made with them. They reported that they'd had a great time when they got back.

There are lots of educational visits happening between now and the end of the school year so please do make sure you check your child's bag regularly for any consent forms that need returning to school.

Mental Health Awareness Week

This week for Mental Healthy Awareness, we have been offering lots of activities and support around community and working together. Classes have taken part in fun shared projects and scavenger hunts. Lots of people came to school wearing green today too.

Parent Workshops

Next week we are holding a series of parent workshops. You will have received a letter about the themes and a sign up sheet. Please do let us know if you did not get one and we can let you know what is happening.

After half term we are also holding more workshops lead by external advisors from Southwark. We will share themes and dates next week to give everyone plenty of time to make arrangements to come.

It's a great chance to explore different topics, seek advice, learn about resources and share stories with other parents.

Parent questionnaires

Every year we send out a parent questionnaire for feedback, ideas and next steps. You will have all received a paper copy of the questionnaire to complete with your child today. If it is easier to complete the survey online, please do follow this link

Have a lovely weekend.

Best wishes

Erin McCarthy
Head of School
