A special school for pupils with autism

20<sup>th</sup> September 2024

Dear Parents and Carers,

This week it has been great seeing so many pupils engaged in assemblies. These are times when they are learning around a theme in a larger group, than in their classes. Primary pupils were very focused on the attention autism approaches and being together in the hall as a group.

Secondary pupils were looking at the International Day of Peace and learnt about how they can be kind in school and we saw some great team work games with everyone working together.

Primary pupils met the dance teacher this week, and classes doing dance this term will start their sessions next week. Secondary classes having dance this term had their second session. Swimming sessions also started this week for secondary pupils. Swimming and dance are sessions that classes do for one term so other classes will have their turn later on in the year.
