

14<sup>th</sup> January 2022

Dear Parents and Carers,

Our spring term has started well and we are pleased to all be back at school. I know lots of you were unwell over the holidays and I'm pleased everyone is recovering. We are doing everything we can to keep the school community safe and well with our COVID risk assessment. Do talk with us if you have any questions or suggestions. A big thank you to all our staff, KS3 students and families for completing the twice weekly testing. Keep up the good work.

### **Parent / Carer workshops**

We know things will change again at some point in the near future. We are planning ahead to offer the following parent / carer workshops after half term:

- Online safety
- Zones of Regulation - helping children manage their own emotions
- Speech and Language
- Occupational Therapy

If you have any suggestions for workshops do let us know.

### **Music at Spa Camberwell**

All our pupils enjoy their music lessons - Lauren is our music coordinator. This term she has arranged a special music project for pupils in Mint class. She will be planning Indian drumming workshops for other classes in the school.

### **Community Learning**

Rian and Tennille are busy planning ways for our pupils to learn outside school. We will start with short visits in the local area and then arrange trips to museums. We will send you letters to explain the details of each community learning activity, give exact dates and time and you will need to return a permission slip.

Enjoy the weekend,

Yours sincerely
