Theatre

Check out Half Moon Theatre's online Winter Warmer Festival. A Storyteller conjures up two seasonal stories with a sprinkle of magic and an energetic snowball fight. A musician teaches body percussion and helps everyone create the sounds of a frosty winter; before music and drama combine for a festive finale. There are also craft activities that show us how to make a paper penguin, winter lantern and snowman bookmark.

Here is a video of the ground bass line from Pachelbel's Canon in D. Using this as your ground bass, can you create your own music over the top? Using your voice, a musical instrument or a digital instrument, can you create your own melody and/or lyrics over the top of the ground bass? Once you are finished, can you record yourself performing along with the ground bass?
