

Year 6 Long Term Plan 2020 -2021

	Autumn Term 1: Industrial Revolution	Autumn Term 2: Titanic	Spring Term 1: Trash Planet	Spring Term 2: Water World	Summer Term 1: Super Sleuth	Summer Term 2: Super Sleuth
	In History we will look how the Industrial Revolution was a significant turning point in history.	Through further research we will extend our chronological knowledge of history.	In Geography we will study climate zones, global warming and rivers.	In Geography we will use maps and atlases to locate countries and study the significance of latitude.	In Art and DT we aim to design and make spy gadgets.	Create pieces of art work that can be used for a presentation.
English	Poetry using imagery Persuasive propaganda posters Information texts	Newspaper report Stories with flashbacks Biography	Rap poetry Crime fiction Descriptive writing using figurative language	Stories with issues/dilemmas Diary Debate	Mystery stories with suspense Film study Gadget description	Letter writing MI6 character profiles Write a brief for the mission
Maths	Place Value Decimals Mental and written addition and subtraction Mental and written multiplication 2D and 3D shape	Fractions Percentages, ratio and proportion Geometry Measurement – Perimeter and mass, Area and volume	Place value 2S shape, coordinates, translation, reflection Measurement Fractions Mental and written multiplication and division	Mental and written addition and subtraction Measurement 2D and 3D shape Area, perimeter and volume of shapes Statistics	Place value Mental and written calculations Fractions, ratio and proportion Coordinates, translation and reflection Algebra Measurement	Measurement Mental and written calculations Fractions Place value Decimals 2D and 3D shape
Science	Electricity	Light	Evolution and inheritance	Living things and habitats	Animals including humans	Light
