Care, Collaboration, Challenge

Dear Parents,

As you are aware, in the Foundation Stage we observe children regularly in their learning and play. This gives us valuable insight into their abilities, interests, areas for development and social interactions. Some of these observations are recorded digitally and form your child's individual learning journey. We will be sharing the learning journey with you via e-mail at the end of every term. We would like you to be able to look at and contribute to your child's learning journey regularly. In order for us to do this, we require your permission for your child's photographs to appear on both their own and other children's learning journeys. As soon as all permissions are received we will send you more information

As a whole school we use an online learning platform called 'Class Dojo'. This is used to communicate with parents, set homework and, should you need to self-isolate, access home learning. To be able to set this up we do require your e-mail address. Please return the attached slip in your child's book bag on Tuesday 22nd September.

Thank you for your co-operation,

Yours sincerely,

Nursery and Reception staff

Name of Child _____

Parent email address _____

I give permission for my child's photograph to appear in their own and others' learning journeys, which will be e-mailed out to parents.
