Home Learning Overview

1. Your child is at home because they are self-isolating

Each class teacher will set English and Maths work via the Seesaw platform. Your child should be able to complete all the activities set with a degree of independence in KS2; KS1 children may need some prompting.

- This work will be reviewed weekly by your child's class teacher.

Additional Apps to support home learning during this period include:

- Readingeggs/readingexpress
- Mathletics
- TT Rockstars
- Number bots
- Phonics play

Login details can be found in your child's reading diary.

2. Your child's class is sent home to self-isolate

Your child's class teacher will set work and deliver lessons via the seesaw app. The nature of these lessons will vary depending on the task. These include:

- Short instructional videos/mini prerecorded lessons delivered by the class teacher
- Written instructions
- Voice instructions
- Worksheets
- Weblinks

Your child will upload their responses to each set task on the seesaw app. All children/classes are familiar with this.

The responses to tasks will also vary including:

- Photos of work
- Video responses
- Worksheet completion
- Voice recordings
- Additional prompts (Via seesaw)

During this period your child's class teacher will make a phone call at the start of the isolation period and provide feedback through the seesaw app.

Additional Apps to support home learning during this period as the same as step one:

Please note that the best thing your child can do during this period is to continue to read.
