Home Learning Update

8.1.21

Dear Parents,

Firstly, thank you all so much for your support with home learning this week. We have been blown away with the responses and the hard work from all of our children using the seesaw platform. In the past 7 days we have had over 2,250 posts with nearly 2000 comments. The use of this will continue to develop as the term progresses. Already next week, we have additional story time planned and are exploring how we can extend our pre-recorded lessons further to develop our remote teaching.

I am sure that you would join me in thanking the school staff who have been working tirelessly to both manage and facilitate home learning for our children at home, whilst simultaneously still teaching critical worker groups here at school.

Next week, we will continue to share learning via Seesaw. I have outlined a brief timetable below, so that you know the lessons that will be provided each day in addition to the daily English and Maths lessons.

<u>Wider Curriculum</u>				
Monday	Tuesday	Wednesday	Thursday	Friday
English/Maths	English/Maths	English/Maths	English/Maths	English/Maths
Science	History/Geography	Art/DT	RE	Computing(1)/Music(2)/MFL(3)

How you organise your home schooling timetable is up to you. I appreciate that many parents are having to balance both home learning with multiple children and work. As a parent of primary school children myself, I relate to the challenge that this presents! Please also note, that staff will continue to provide other additional activities daily depending on the age of your child.

Each week, staff will continue to make phone calls to you all to see how we can continue to support. Any feedback on remote learning will be appreciated so we continue to improve.

Once again, as always, I thank you all for your help and continued understanding during these difficult times.

Mr Ullah
Deputy Head Teacher
