

## **Mission Statement**

**At SS John & Monica's, we learn through  
the example of Jesus to  
Love, Respect, Understand and Value each other.**

**Phonics Policy  
March 2023**

# Essential Letters and Sounds is our chosen Phonics Programme.

Our school is a one form entry school situated in Moseley, in the heart of the city of Birmingham. We are determined that every child will learn to read well quickly. Therefore, we have implemented Essential Letters and Sounds. We cater for a wide range of pupils from differing backgrounds. The proportion of Pupil Premium pupils is higher than the national average. We also have an above-average proportion of pupils with SEND, of which, one of the key areas of difficulty is language and communication. Furthermore, we have a higher than national average amount of children with English as an Additional Language within our school and new starters often join us from abroad having moved to the local area. Therefore, it is essential that our approach to teaching phonics and reading is accessible to all learners, regardless of background. We believe that the Essential Letters and Sounds Programme provides all children with a consistent, high quality phonics experience. It supports teachers in the delivery, assessment and teaching of phonics in their classrooms.

Reading is at the heart of everything that we do. Reading is a central part of every pupil's life at our school. The aim of ELS is to get all children to read well, quickly. It teaches children to read by identifying the phonemes (the smallest unit of sound) and graphemes (the written version of the sound) within words and using these, to read words. Essential Letters and Sounds is a systematic synthetic phonics programme and was validated by the Department for Education in June 2021. All members of staff are trained to teach ELS to ensure that we have an expert team of reading teachers led by our Reading and Phonics Leads. As a staff team, we regularly meet to review our practice and to practise teaching together. This ensures that all children receive high-quality first teaching every day. Our classrooms are well resourced to ensure that every child has the resources required to learn to read well.

We instil a love of reading from the very beginning of their education; every child at our school is a reader and so are their teachers. We believe all children can become confident readers during their time in primary education. Children's love for reading is evident through their continuous engagement, desire to read for pleasure and their understanding of a range of texts, authors and illustrators and this is further developed throughout our reading curriculum. To ensure all children learn to read well, quickly, children learn Phonics from the very start of Reception. It is explicitly taught every day during a dedicated slot on the timetable. Throughout the day, children use their growing Phonic knowledge to support them in other areas of the curriculum. They have many opportunities to practise reading decodable texts precisely matched to their phonic knowledge. This includes reading 1:1 with a member of staff, with a partner during paired reading and during whole class reading sessions. We know that reading is a fundamental life skill and we strive to ensure that all children leave our school able to read well.

ELS is a whole class teaching model. This means that every single pupil has the same opportunities when learning to read. Learning to read well, early, is a priority for every child. Children who may find it harder to learn how to read are given extra support from their teacher every day. We ensure that all children learn to read well and keep up rather than

have to catch-up. Daily Phonics lessons continue in Year 1 and further through the school to ensure all children become confident, fluent readers. We follow the ELS progression and sequence. This allows our children to practise their existing phonic knowledge whilst building their understanding of the 'code' of our language. As a result, children can tackle any unfamiliar words that they might discover. We teach children more rarely used GPCs through the ELS progression. This means that they can decode and read more words with increased fluency. ELS is supported by a wide range of completely decodable texts. These cover both fiction and non-fiction and are exciting and engaging for all our pupils. We match the home reading texts to each child's current phonic knowledge to ensure that they consolidate their most recent teaching and learning at home. Children experience the joy of books and language whilst rapidly acquiring the skills they need to become fluent independent readers and writers. ELS teaches relevant, useful and ambitious vocabulary to support children's journey to becoming fluent and independent readers.

At Saint John and Monica School, we begin by teaching the single letter sounds before moving to digraphs (two letters spelling one sound), trigraphs (three letters spelling one sound) and quadgraph (four letters spelling one sound). We teach children to:

- Decode by identifying each sound within a word and blending them together to read fluently
- Encode by segmenting each sound to write words accurately.

The structure of ELS lessons allows children to know what is coming next, what they need to do, and how to achieve success. This makes it easier for children to learn the GPCs we are teaching (the alphabetic code) and how to apply this when reading. ELS is designed on the principle that children should 'keep up' rather than 'catch up'. Interventions are delivered within the lesson by the teacher and any child who is struggling with the new knowledge can be immediately targeted with appropriate support. Where further support is required, 1:1 intervention is used where needed. These interventions are short, specific and effective. ELS is designed to make use of all the teaching time during the phonics lesson – through targeted support where required, reducing the need for external interventions - meaning that there is minimal disruption to curriculum teaching time. Where further phonic support is required in Key Stage 2, children take part in catch up interventions to ensure that they make progress and learn to read.

Children are assessed in week 5 of each half term to ensure that any specific gaps can be targeted immediately. We reinforce the link between reading and writing in every ELS lesson through the independent application of the children's understanding. We also ensure that all our teachers reference the learning from ELS lessons when writing as part of the wider curriculum.
