**Head - Brookfield House**

**Mental Health  
First Aider**

MHFA England

There are many different types of support out there, and a Mental Health First Aider can help you access them.

Mental Health First Aiders are a point of contact if you, or someone you are concerned about, are experiencing a mental health issue or emotional distress.

We are not therapists or psychiatrists but we can give you initial support and signpost you to appropriate help if required.
