

St Andrew's Academy

Post 16/19 Provision

Information Directory

Dear parents, guardians and carers,

We recognise that transitioning from Academy into post 16/19 provision can be a daunting and difficult time for students and families. In order to assist with this process, St Andrew's Academy has put together an information pack that we hope you will find useful. This pack includes information about some of the education and social care provisions that are available to students after they leave St Andrew's Academy.

Providers are categorised and listed in alphabetical order. Please note that inclusion in this directory does not indicate any personal or professional endorsement from St Andrew's Academy. We have included as many providers as possible to provide an overview of what provision is available. Staff are not able to direct students or families to particular placements and must remain impartial in all choices.

Helpful Advice for students and families

Consider a range of potential provisions. Places can be limited and so it is important to have a number of options.

Conduct your own research! This pack provides a brief summary of the provisions on offer. Other provisions may be available which may have a more suitable offering. This list is not exhaustive. More information is also available on the Derby City Council website in the local Offer' section.

Arrange your own visits. Students may be able to visit some providers during Academy time but it is vital that families visit placements together in order to provide everyone with the information they need to make an informed choice.

Start the application process early! The sooner you get started in applying, the more stress free the process will be. Please do not wait until the last minute as this can raise anxiety levels for students who want to know where they may be going. Places can be limited so the sooner you can identify a suitable placement the better. During year 11 and year 14 EHCP reviews you will be asked to name future placements so that amendments can be made to the document. Multiple options should be provided at this stage.

SENDIASS

Information Advice & Support Service SENDIASS

Formerly Parent Partnership Service

The Derby Speciality Educational Needs and Disability Information, Advice and Support Service (SENDIASS) offers free, legally based, impartial, confidential and accessible information, advice and support for individuals and their carers. No formal diagnosis is required for support to be accessed.

Sense College

Sense College (previously RNIB College) is based in Loughborough and utilises four main enterprises as part of their taught curriculum. Students also have the opportunity to participate in courses at Loughborough College through a supported programme of study. The work related enterprises are the key to providing learners with transferable work skills through real life experiences. Onsite therapy teams are on site to ensure that all sessions are underpinned with speech and language therapy alongside physiotherapy where appropriate. Enterprises include:

- Bell Bar: a college run catering facility serving students and staff.
- Sell4u and college shop: a retail enterprise selling items both within and outside of college.
- Arts and crafts centre: developing crafts to be sold in the college shop and to provide opportunities for a range of creative arts.
- College office: students assist in the day to day running of the college office.

Alongside the main curriculum, a more supported curriculum is available through one of three programmes:

- Bridge Programme
- Flexible Futures
- Respite Care

Feel Alive Hub

Feel Alive Hub CIC & Drama group aim to support adults with learning disabilities to encourage choices, create activities, achieve life skills and enable work related and leisure opportunities to promote independence and confidence building and fun!

Feel Alive Hub CIC aims to support adults with learning disabilities to encourage choices, create activities, achieve life skills and enable work related and leisure opportunities to promote independence and confidence building. This will be achieved using individual care plans based on the service user's needs that will help them achieve their full potential. We aim to link with local colleges and

universities to access educational courses that will create new opportunities for adults with learning disabilities and with our support access voluntary and employment sector. We aim to develop relationships with local organisations and businesses to promote a wider range of inclusive community activities. Feel Alive Drama Group runs on Tuesday afternoons and cost £10 per session. Adults attending the club come together to learn acting skills and singing skills and aim to entertain audiences by putting together two shows a year. Feel Alive drama group is located at a different venue. Adults do not have to be a member of Feel Alive Hub CIC to attend the drama group. Both Groups aim to provide a friendly, safe and fun environment.
