

St Andrews Primary, Clifton Campville & Mary Howard Primary, Edingale

A Mighty Summer Term 1

As we wrap up the first term of summer, it's hard to believe that just four weeks have passed at Mary Howard and St Andrews. However, these 19 days have been nothing short of extraordinary, filled with enriching events and activities that have significantly enhanced our curriculum offer.

A Successful Ofsted Visit One of the highlights of this term was our long-awaited visit from Ofsted at St Andrews. We are thrilled to report that the inspections went well, and our schools' vision and values truly shone through. The feedback we received is a testament to the hard work and dedication of our staff, children, and the wider school community.

Celebrating VE Day In addition to the inspections, we had a wonderful time celebrating VE Day. Our festivities included a flag-raising ceremony, a vibrant street party, and a round robin of activities designed to deepen our children's understanding of this significant historical event. It was heartwarming to see our community come together to commemorate such an important moment in history.

Engaging in Science and Sports Our science curriculum has also been thriving this term, with children actively growing plants as part of our science topic. This hands-on approach not only engages our children but also fosters a deeper understanding of the natural world.

Moreover, our students have been participating in a variety of sporting competitions, showcasing their talents and teamwork.

A Mease Trip to the Think Tank To mark British Science Week, the entire Mease family embarked on an exciting trip to the Think Tank. This experience provided our children with a unique opportunity to explore scientific concepts in an interactive environment, further igniting their curiosity and passion for learning.

Year 6 SATs Lastly, we are proud of our Year 6 students who have been diligently preparing for their SATs. Their hard work and determination have been impressive, and we are confident that they will shine in their assessments.

In just 19 days, we have accomplished so much, and we look forward to more exciting events and learning opportunities in the weeks to come. Thank you to everyone in our school community for your continued support and enthusiasm!

Let's keep growing and flourishing together!

Warm regards,

Rachel Mills
