### How will the school measure the Impact of Pupil Premium?

Each term, data will be reviewed using the PIRA, PUMA and SPAG tests alongside teacher moderation of writing using the writing grids. Data will be used to show impact of interventions (1<sup>st</sup> Class@Number and Calculation, FFT, Positive Play.) Boxall profiles used to show impact of positive play.

Individual education plans will be reviewed each half term with the parent and child.

Whole school review meetings will take place termly and will include all members of staff. At each meeting, the school will review the impact of actions taken and will plan how the funding will be specifically allocated over the next phase. When selecting pupils for Pupil Premium target groups, the school will look at all pupils across the school. There are some pupils who are not eligible for PP who will benefit from these groups if their needs are similar and we believe progress can be made towards individual targets.

Pupil Premium funding and the impact of this is discussed during the Standard's Committee meeting.
