

Guy Bass, author of *Stitch Head*, visited us (virtually!) on Wednesday 21 October. We learnt about his childhood and what has inspired him to write nearly 40 children's books. His fear of spiders and monsters in general lead him to write *Stitch Head*. We are on Chapter 7 of the book and are enjoying it greatly!

Here we are with Guy.

We are creating our own Mad Professor monsters. We hope they'll find a home in gothic Castle Grotteskew!
