

St Andrew's CE Primary School Access Plan 2020 - 2023

This plan reflects St. Andrew's Church of England Primary School's Christian ethos and mission statement. It was written with our Christian values of Courage and Justice in mind.

St Andrew's CE Primary School is a friendly, fun-loving school where we believe learning rooted in enquiry, first-hand experiences, and led by children's interests is key. We want all children to enjoy school, to be challenged to achieve their very best, and to consider their time at the school as their own 'learning adventure'. We are committed to giving all of our children every opportunity to achieve the highest of standards. We do this by taking account of pupils' varied life experiences and needs. We offer a broad and balanced curriculum and have high expectations for all children. The achievements, attitudes and well-being of all our children matter.

We have high expectations for all our pupils and we expect pupils with a disability to participate and achieve in every aspect of school life. As such we are committed to:

- Setting suitable learning challenges.
- Responding to pupils diverse needs.
- Overcoming potential barriers to learning and assessment for individuals and groups of pupils.
- Promoting the individuality of all our children, regardless of difference.

Purpose of Plan

The aim of this plan is to set out the commitment of the Governing Body to the principles of inclusive education by removing barriers to progress and making reasonable adjustments to reduce disadvantage. This plan shows how St Andrew's CE Primary School intends, over time, to increase the accessibility of our school for disabled pupils, staff, parents/carers and visitors.

It is a requirement that the school's accessibility plan is resourced, implemented, reviewed and revised as necessary. The tables below outline the action plan showing how the school will address the priorities identified in the Access plan.

Definition of Disability

The Equality act 2010 and the Equality Duty 2011 place responsibility on schools to remove discrimination against pupils with disability. The Equality Act and the Disability Discrimination Act 1995 define disability as when a person has a physical or mental impairment which has a substantial and long-term adverse effect on that person's ability to carry out normal day-to-day activities.

The definition includes a wide range of impairments including sensory impairments and those affecting sight or hearing. The definition can also include hidden impairments such as Autism, Attention Deficit Hyperactivity Disorder (ADHD) and speech and language impairment.

Some disabled pupils may also have special educational needs (SEN) and may be receiving support via school-based SEN Support or have a statement/ Education Health Care Plan. The fact that a disabled pupil has SEN does not remove the duty to make reasonable adjustments for them; some disabled pupils with SEN will still require reasonable adjustments to be made in addition to any support they receive through SEN provision.

The Equality Act requires school to make “reasonable adjustments” to their policies, procedures and practice to accommodate pupils with disability in school life.

The three key areas for the Access Plan are:

- Increasing access for disabled pupils to the school curriculum (this includes teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits)
- Improving access to the physical environment of schools (this includes improvements to the physical environment of the school and physical aids to access education)
- Improving the delivery of written information to disabled pupils, using formats which give pupils better access to information. The information will take account of pupils’ disabilities and pupils’ and parents’ preferred formats and be made available within a reasonable timeframe

Contextual Information

St Andrew’s CE Primary School has been in its current location since 1964. The main building consists of an entrance way leading to reception. The building has 6 classrooms All classrooms are fully accessible to wheelchair users.

All access to the school is via ramps or flat surfaces (with a ramp to the front of the building). The Foundation Stage children are in Benton Building.

At present we have no wheelchair dependent pupils, parents or members of staff.

Current Range of Known Disabilities

The school has children with a range of disabilities to include moderate and specific learning disabilities and emotional difficulties.

We have a small number of pupils and parents who have visual, hearing and physical impairments.

Action plan 2020 - 2023

Action 1: Increasing the extent to which disabled pupils can participate fully in the curriculum

At St Andrew’s CE Primary School we believe that all pupils should be enabled and encouraged

to participate fully in the life of the school. Improving teaching and learning lies at the heart of the school's work. Through self-review and Continuous Professional Development (CPD), we aim to enhance staff knowledge, skills and understanding to promote excellent teaching and learning for all children. We aim to meet every child's needs within mixed ability, inclusive classes. Teachers at St Andrew's CE Primary School plan and deliver outstanding lessons. Planning is differentiated to take into account individual/group needs of all pupils, including those with disabilities. High expectations are evident throughout all curriculum areas. All teachers and teaching assistants have the regular and relevant training to enable them to teach and support pupils with a variety of disabilities.

It is a core value of the school that all children are enabled to participate fully in learning and demonstrate our values of respect, courage, and justice in school and the wider community. All children have always been permitted to attend age relevant after school clubs, leisure and cultural activities and educational visits.

Action 2: Improving the physical environment of the school

We have a wide range of equipment and resources available for day to day use. We continually review resourced provision in light of needs. To meet individual, specific needs, provision will be adapted based on assessment, advice and guidance of health and other professionals. In order to ensure that the school is fully accessible we continue to consult with specialist teachers, advisors and professionals when considering the purchase of specialist equipment or investment in structural changes.

Action 3: Improving access to information for disabled pupils/parents

As a school we plan to make written information available to pupils, parents and staff with disabilities in a way that makes it accessible to them. The school identifies agencies and sources of materials and resources in order to be able to make the provision when required. The schools IT infrastructure enables us to access a range of materials supportive to need. Staff share information with pupils with disabilities and/or SEN in a variety of ways including, face to face discussion, simplified and modified language, use of symbols, pictures or signs.

In planning to make written information available the school will take account of pupils' disabilities and pupils' and parents' preferred formats and be made available within a reasonable timeframe.
