

St. Andrew's C.E. Primary School Newsletter

Tuesday 23rd April 2024

Our Vision:

At St Andrew's CE Primary School, we aim to bring children to a place where they can realise their full potential. Our Christian values are the foundation of all we do and each one is a facet of the central value, love, which 'always protects, always trusts, always hopes, always perseveres.' (1 Corinthians 13:7)
Protect, Trust, Hope and Persevere

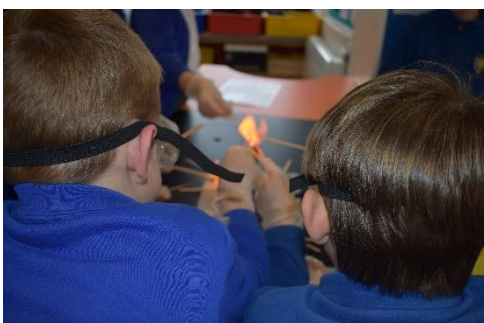

Ladybirds, daffodils, primula and daisies, Spring has arrived in EYFS. We have been exploring **how plants can change colour and we began by playing, exploring and observing how water is carried by kitchen paper.** Can you see what has happened? Why?

The craft stall at the Year 2 cake sale raised £20.10. Mrs Churchman's class will decide **which charity** they will choose to donate to.

Science Club

Years 3 & 4 had lots of fun at Science Club! The children were so **enthusiastic and engaged every single week, actively bringing their own investigation ideas to sessions.** We looked at a variety of pupil-led investigations ranging from 'What material makes the best lava lamp?' to 'What sized balloon makes the highest CD hovercraft?' One week, the children heated different metals to produce different colour flames, making their own mini-firework show on the Bunsen Burner! The children took part in a variety of **STEM activities** from making **wind powered** cars and crafty rafts to tie dye milk and acid & alkaline rainbows.

In Year 3, we read stories to the younger children on Friday, and they enjoyed the experience. Then Year 5 came to read what they had written to us. Year 5's stories were **full of great maths questions**. Year 3 enjoyed working those out.

We had a fantastic response this year to our Lent Appeal to raise money for the NSPCC. Many children completed the **Easter Reading Challenge** and we raised **£636.97**. Ten percent of the money raised will go towards Christian Aid.
