

## Outdoor Learning and Wellbeing Week

In EYFS we believe that children should be outside every day, playing, exploring and learning. It was wonderful to see the whole school joining us and celebrating learning outside.

*EYFS explored how to make natural paints.*

*Dens were created to provide shelter from the sun.*

*We learned about the importance of fire and fire safety.*

*Year 2 continued their unit on measurement by finding and measuring items in the playground.*

*Capture the Flag- a traditional game of tag*

*Figure 1Art- Goldsworthy*

*Storytelling and drama*

*"We explored nature, tried new things, told stories, encouraged imaginative play and got good and messy."*
