

Literacy

This term we will be focusing on the book *The Tin Forest*. We will be writing character descriptions, setting descriptions and non-chronological reports.

PE

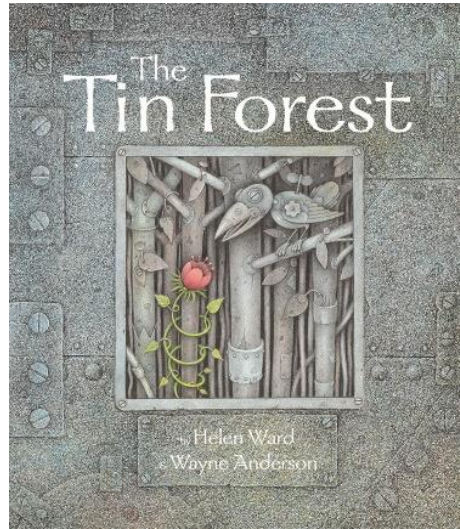

In PE we will be learning about *Striking Games*.

Science

In Science, we will be learning about plants and trees. We will be looking at some common plants and trees that we can find in our locality. We will also be investigating what plants need to grow well as well as the plants that we eat!

Computing

In Computing, we will be learning about how information can be presented. We will look at different programs before choosing one to create our own information presentation.

Rainforests

Year 2
Summer Term 5 – 2020

RE

In RE, we will be learning more about the symbolism and beliefs around Judaism.

Maths

- Fractions (continued) We will be learning about fractions of a shape and fractions of a number.
- Time – we will be learning to tell the time to the nearest 5 minutes. We will also be comparing and sequencing intervals of time.
- We will be learning to describe position, direction and movement, including quarter, half and three-quarter turns.
- We will also be reviewing the topics that the children have already covered to help them become more confident in these areas.

Music

In music, we will be learning about beat and rhythm, creating percussion and composing a piece of music.

Values

Our value this term is Humility.

Art

In Art, we will be learning about pottery. We will be studying plants and sculptors and potters before using our research to create a clay 'pinch pot' inspired by plants.

PSHCE

Our topic in PSHCE will be Relationships. As part of this, we will be learning about people who are important to us, feelings and communication.

Topic

In topic, we will be learning about rainforests. We will learn about where they are in the world and the different environmental conditions. We will learn about the different layers of the rainforest and the different animals that can be found there. We will also learn about why the rainforests need our protection.

How you can help

Please continue to look at the home learning plans that are being sent home weekly.

The children should be developing a strong knowledge of the four mathematical operations. Please support them in being able to use their preferred methods.

Regular reading – either listening to or reading with your child each day will continue to build their fluency and enjoyment for reading.
