To experiment with electrical circuits  
To name materials which are electrical insulators or conductors

## Spanish

This term we will be learning the days of the week and also the numbers from 20 to 31

## How you can help

Please continue to encourage your children to complete all set homework.

We also need children to practise their times tables. The Times Tables Rock stars website will help with this.

Regular reading – either listening to or reading with your child each night will continue to build their fluency and enjoyment for reading.
