

	English / Literacy: Non-fiction instructions.	Maths: Addition and Subtraction within 20	Science: Plants	D&T: Nature sculptures and Andy Goldsworthy.	RE/PSHE: Sanatana Dhana, Being My Best	Phonics and Common Exception Words
Mild 	Look for some examples of instructions around your house. Have a go at reading them with your grown up.	Make your own number line of numbers up to 20. Check your numbers are formed correctly. Can you add any of these numbers together?	Have a look in your garden or nearest green space. What types of plants can you see? Have a go at drawing them and see if your grown up can help you label them.	Create a nature collage using clippings from your garden or the park. You could use sticks, leaves, flowers or anything else you can find!	Draw a picture of a plate of healthy food you could eat for a healthy diet.	Can you spot some words on any signs or labels in your house with the sounds ai, ch, sh or th in them.
Hot 	Create a poster with pictures, arrows and instructions on how to grow vegetables in the garden. Make sure the steps are in the right order!	Can you write out some number sentences correctly. Remember to use the correct symbols and signs and make sure your numbers are the right way round.	With help from a grown up, research the basic structure of a plant. Draw it and label its parts in your book. 	Research Andy Goldsworthy's arts and sculptures. Which piece is your favorite? Can you try and recreate it? 	Write a list of anything you find tricky and set yourself a challenge to look for a solution to help you get better.	Can you remember any of our Common Exception Words? Can you spell them correctly and read them to a grown up.
Spicy 	Have a go at writing your own instructions for baking a cake. What ingredients will you need? What equipment will you use? What method will you follow? How long should you bake it for?	Ask your grown-up to think of three numbers between 1 and 20. How many tens and how many ones do each of the numbers have? Write this down in your book and draw something to represent them in tens and ones columns.	Do you know what plants need to grow? Write a short experiment on how to grow a plant. What equipment will you need? Can you predict what will happen? How will you make it safe, fair test? What is your conclusion?	Where would you like to create art in the natural world and why? Might it be using icicles in Antarctica? Or using vines and bright flowers in the rainforest?	Ask an adult to help you find out about Santana Dhana (Hinduism). What do Hindu people do to celebrate and why?	Can you use any of the Common Exception Words we have been learning in class and write a sentence including them.

### Year 1 Homework Challenges – Term 5 – Let's Grow!

How many of the activities can you complete? Challenge yourself! Can you complete at least one spicy activity? Please tick off when you have completed them. Feel free to include anything that is not on the grid - have you drawn a beautiful picture, or did you see something amazing that you want to write about?

**Reading:** Please read at home daily and bring your reading books/diary in with you every day. Books will not be changed unless it is written in the diary that a book has been finished. Sometimes we ask you to re-read the same book to build fluency and confidence. **If you have any questions, please speak to your class teacher. Thank you.**
