

Maths

Our focus is to embed addition and subtraction, and then go to look at multiplication and division. The children will get lots of experience adding and subtracting three-digit numbers, learning when to 'exchange' or 'carry'. They will learn that multiplication is repeated addition and explore multiple models and images related to this topic. They will begin to become more fluent with their times tables. Rapid recall target: to derive and recall sums and differences of multiples of 10, e.g. $50 + 80$, $120 - 90$

Music

Violin/cello lessons (Europe Y3)
Charanga lessons (Asia Y3)
Singing and learning Christmas music.

Science

We will learn about forces. What is a force? We will investigate some of the forces that affect a car. We will look at magnetism and which materials are attracted to magnets, and explore which magnets are the strongest.

Collective Worship

Our value this term is 'Respect and reverence'. We will hear inspiring stories and reflect on how this value can improve our school and society, and think about how our actions can show respect.

Term 2 Y3 Europe/Asia

Feel the Force!

Spanish Colours, describing feelings and where we live.

ICT - The children will learn how to use search engines, discovering how to search for new information and how to do this safely. The children will also use technology alongside the curriculum to aid their learning.

Geography

We will explore the topic of coasts, looking at erosion and methods used to defend the coast.

RE

We will focus on the trinity. Children will explore ideas about what it is, and how it can be represented.

PSHCE

We will explore issues around friendships, thinking about what people can do if they have a falling out, etc.

English

We will be looking at stories from imaginary worlds. The children will develop their understanding of how to use fronted adverbials, and different conjunctions in their writing. We will also be looking at letter writing and write Christmas letters. The children will have an opportunity to write to Father Christmas.

Spellings

The children will bring home 10 spellings each week to learn for a test on Friday from spelling shed.

P.E. Invasion games

The children will be developing their fundamental movement skills whilst simultaneously practising a variety of invasion games, such as: football, tag rugby, basketball.

Design technology

Photo frame. Evaluating different picture frames then designing and making a free-standing photo frame, that the children will take home at the end of the term.
