“Training as a SATA student means that you experience all the ins and outs of the whole school year: school plays, parents’ evenings, sports day, school trips, ready for when you do it yourself with your own class. The course prepares you entirely to become a fully qualified teacher.” Holly

“The SATA programme has been the perfect way for me to develop my teacher training in a supportive and practical environment. Being able to fully immerse yourself within the culture of a single school throughout the year provides an invaluable experience. I would heartily recommend the programme to anyone!” Charlie
