## Child's Name Card & Labels Slip

Quite often names are shortened. To ensure that we call your child by the name they are familiar with, and we teach them to write the name that you would prefer them to write, please answer the following questions. For example a child called Edward may be called Ted and learn to write their name as Ted.

**What name does your child like to be called?** \_\_\_\_\_

**What name would you like to appear on your child's peg, tray and name card?**
