'Loving God in all we do'

Wednesday 10th November

Dear parents,

Unfortunately, we are experiencing a number of children in Year 3 who are testing positive for Covid.

This afternoon, I have held communications with Lancashire's Covid support team and the following information is provided for St Anne's school. As we are experiencing an increase in positive tests, we are all strongly advised to follow this information to control the current infections.

- All positive cases should be isolating.
- School will continue to follow hygiene advice and complete a one-off enhanced classroom clean, focusing on touch points and any shared equipment.
- School to consider ways to improve ventilation indoors (where this would not significantly impact thermal comfort).
- School will advise face masks in communal areas for all adults.
- School will advise face masks for parents when on site. School will encourage parents not to gather at the start and end of the school day.
- PCR testing encouraged for all close contacts of children who are unwell.
- Testing is also encouraged for any wider symptoms or if in doubt.
- Symptomatic staff and children should not be in school until well (10 days for covid symptoms) and should seek PCR test
- No mixing across year groups.
- Consider whether any activities could take place outdoors.

Please continue to support our whole school family by following the above guidance. We will follow these guidelines until Friday 19th November when hopefully all will be well again.

Kind regards,

Mr P Bates

Headteacher

Headteacher: Mr P. Bates
Deputy Headteachers: Mrs G. Cleary
