Help was given to each other where needed and pupils showed support as they shared their cookery skills.

JANUARY- SHARING WITH FRIENDS

NURSERY

A group of nursery school children are sitting on a dark blue carpeted floor, engaged in a learning activity. They are using colorful geometric blocks (hexagons, pentagons, triangles) to create patterns. One child is placing a blue block into a red hexagonal frame on a white sheet of paper. Another child is holding a red block. A large pile of these blocks is scattered on the floor in front of them. The children are wearing school uniforms, including blue polo shirts and dark shorts. The scene is brightly lit, and the children appear focused and collaborative.

We work
together to solve
problems.

Reception

The children have been learning how to share and take turns to test out their boats that they had made.

We have been sharing our snack with each other- just like Jesus, when he shared out the bread and fish to 5000 people.

YEAR 2

The children have been learning how to share and take turns

YEAR 3

Share with others – the children played co-operatively and sharing resources.
