Spotlight on Year 2

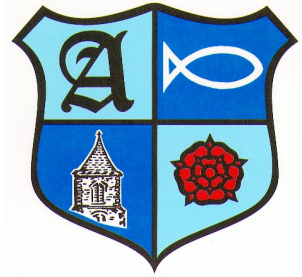

This week has been truly fantastic in Year 2! Firstly the children have been amazing in performing their play 'Edwina the Penguin Saves the Day'. The children beautifully spread the important message of global warming and our responsibility to look after the wonderful treasures that God gifted us with. Building on their important message of looking after our planet, the children have been exploring a range of books highlighting the importance of being an eco-warrior.

Curriculum News

Nursery We are coming to the end of a very busy Year in Nursery, the time has flown by, and the children have been very busy. We have enjoyed watching them grow and flourish and they have all achieved so much. The children have had lots of fun and laughter and are all ready for the next step on their learning journey.

Reception This week in Reception we have been reading Somebody Swallowed Stanley, we thought about how to look after our planet and created our own posters to help spread the eco message. We went on a litter pick around school and found so much! Well done Reception! In PE we used our skills to travel along the vaults, ropes and benches.

Year 1 This week in Year 1 we have completed our information booklets on birds and have learnt to read and show the time to half past. We have been working hard to complete all of our work for Year 1 and enjoying our last 2 weeks together!

Year 2 **See Spotlight**

Year 3 Year 3 have been thinking about where their special places are in RE and also the special places for Jesus. Both classes have enjoyed sharing a fun Athletics lesson focusing on standing long jump and triple jump. They have also developed fantastic knowledge in statistics this week.

Year 4 Year 4 have produced fantastic collages based on the works of the artist Cas Holmes. They have used items that are special to them, images of nature and materials that they have collected from home. In tennis, the children worked hard on perfecting their techniques for rallies, using a variety of skills and techniques. They have been experimenting with circuits in science, in preparation for adding a circuit to their Harry Potter castles.

Year 5 Greek salads are amazing! This week our fabulous children designed their own Greece-inspired salad and then brought in their own ingredients - their wonderful parents went to great lengths to support this venture - and then they made their salads with huge creativity; we have some budding chefs on the way to a restaurant near you. They also designed their own Greek mythological beast, made it out of clay and even painted them. What a week!

Year 6 What a week Year 6 have had! It started at a frantic pace with 5 performances of Shrek on Monday and Tuesday. Each one better than the last - full of singing, great acting and wonderful humour! Then we celebrated their time at St Anne's with a lovely leavers mass in church with all of our families and Fr Godric. It was a time to reflect as well as look forward to new challenges. The children also received their SATs results this week, we are so proud of each and every one of them and their academic and personal progress this year. Well done children you have been a wonderful Year 6 cohort.
