

ST. ANNE'S ENVIRONMENT GROUP
DESIGN A SECRET GARDEN

Did you know that St. Anne's church has its own secret garden? It's tucked away behind the old bowling green and we would like to turn it into a garden that we all can enjoy.

At the moment it's covered in weeds but with some love and care it could be made into somewhere special.

Could you and your family help us to design a place which people can go and visit? A place where flowers and wild life could flourish, which would be peaceful and nice to look at, something that St. Anne's would be proud of.

HERE'S WHAT YOU HAVE TO DO

Think up a design and copy it onto this sheet. It may be a design for the whole garden or just a section of the garden. You can draw, then colour in using pencil or felt pens.

If you like, you can use your own paper or card (no bigger than A4) or make a collage.

Fill in the form below and return your picture to school.

THINGS YOU NEED TO INCLUDE:

Pathways/raised beds for growing plants and vegetables/plants, shrubs

THINGS YOU MAY LIKE TO INCLUDE:

Wild flowers/homes for wild life/growing fruit and vegetables/reducing waste - collecting rainwater etc./ compost heaps/a re-wilding area/benches

Please fill in details in BLOCK CAPITALS
