

## Safer Internet Day 2025

This year's Safer Internet Day takes place on Tuesday 11<sup>th</sup> February, and is entitled, 'Too good to be true? Protecting yourself and others from scams online.'

The UK Safer Internet Centre have created free resources to use with children aged between 3-7 and 7-11, containing presentation slides and activities. Throughout the day your children will take part in these different age-appropriate online assemblies, lessons, discussions and other activities, to reiterate the importance of online safety while broadening their knowledge.

The following link will connect you to the UK Safer Internet Centre resources:
