

Welcome to our Year 6 Information Meeting.

The Year 6 Learning Journey

SATS

PREPARATION FOR YEAR 7

LIFELONG LEARNING

The purpose of Year 6 is to prepare children for secondary school by building on, consolidating, using and applying their skills and knowledge from lower down in the school.

We aim to build self confidence and independence and help children to develop all their talents.

We will prepare the children for the end of KS2 assessments but this is not the most important aspect of Year 6.

We particularly want our children to have a positive attitude to learning, to learn from their mistakes and to develop resilience.

How you as parents can support...

- Talk about what your children are learning.
Question them 'How do you know...'
- Support homework, BUT don't do it for them.
- Practise of times tables;
Multiplication and division facts.
- Daily reading at home.
Ask questions about the text and characters.
- Spelling practice (see year 3, 4, 5 and 6 curriculum list).

Home Learning

- Homework will consist of a Maths piece of work and an English piece of work each week. This will be set and must be completed via Class Charts.
- Reading Plus should be completed at least twice a week at home.
- Homework will be set on Fridays and is expected to be completed by Wednesday.

Homework should not be...

- Stressful for the children or for you as parents!

Website

Please check the Year 6 page on our school website for more information on how to help your child at home.

- Knowledge Organiser
- Key Learning in Maths (expectations)
- Maths calculations policies
- Brilliant Booklist
- Year 6 spelling list
- SATs information
