The Year 6 Learning Journey

SATS (11TH – 14TH MAY 2026)

PREPARATION FOR YEAR 7

LIFELONG LEARNING

The purpose of Year 6 is to prepare children for secondary school by building on, consolidating, using and applying their skills and knowledge from lower down in the school.

We aim to build self confidence and independence and help children to develop all their talents.

We will prepare the children for the end of KS2 assessments but this is not the most important aspect of Year 6.

We particularly want our children to have a positive attitude to learning, to learn from their mistakes and to develop resilience.

We encourage children to take pride in their work and achieve the highest possible individual standards.

How you as parents can support...

- Talk about what your children are learning. Question them 'How do you know...?'
- Support homework, BUT don't do it for them.
- Practise of times tables; multiplication and division facts.
- Daily reading at home - ask questions about the text and characters.
- Spelling practice (see year 3, 4, 5 and 6 curriculum list).

Home Learning

- Homework will be set using the online platform Century.
- Spelling and times tables practice will be expected weekly.
- Daily reading should be encouraged.
- Homework will be set on Fridays and is expected to be completed by Wednesday.

Homework should not be...

- Stressful for the children or for you as parents!

PE

PE is going to be on Wednesday and Friday –

Wednesday may change, but it will be Friday all year as the coaches from West Lancs teach.
