

St. Anne's Catholic Primary School

Year 6 Curriculum Information

'Our World'

"Loving God In All We Do."

The 'Our World' topic is about ...

Learning how to use latitude and longitude to locate key features of our world. They will also describe and understand key aspects of physical geography, exploring the causes and effects of tsunamis.

In Science children will learn that living things have changed over time. They will also explore and investigate how animals and plants are adapted to suit their environment in different

Prior Learning

- Understand geographical similarities and differences through the study of human and physical geography of the United Kingdom and a region of South America.
- Describe and understand key aspects of physical geography in the UK.
- Use with increasing confidence: maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.

Our Current Learning

- Identify the geographical regions and key topographical features of the United Kingdom (including hills, mountains, coasts and rivers), and understand how some of these aspects have changed over time.
- Locate the world's countries, using maps to focus on Europe (including the location of Russia) concentrating on their environmental regions, key physical and human characteristics, countries and major cities.
- Identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circles.

Year 6 Curriculum Information

'Our World'

RE

Children will deepen their understanding of a different faith through their study of Judaism. This will bring together all of their learning in previous years. During the Advent season pupils will explore the ways in which we prepare for the coming of Jesus during our topic of 'Expectations'.

Wider curriculum learning

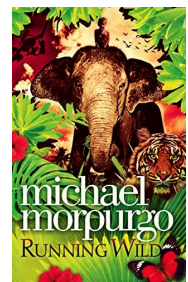

Children will have the opportunity to explore the work of Ernest Haeckel and a variety of Amazonian tribal artists in Art and will aim to create a piece of art work based on the theme 'survival'. In Computing pupils will learn about computing systems based on the work of Bletchley Park. Meanwhile in French children will continue to develop their vocabulary and use this to help them begin to form longer sentences around the topic of holidays. In Music children will begin to understand the history of music, looking at songs of WW2. In PE children will be working on their athletic skills and also be developing their tactical awareness through invasion games.

We are going to read

Macbeth

Running Wild—Michael Morpurgo

The Tyger—William Blake
