HEALTH AND SAFETY COMMITTEE / PREMISES

The governing body's responsibilities for health and safety may be carried out by:

- a Health and Safety committee
- including the health and safety remit within the terms of reference of another committee
- appointing a Health and Safety governor with designated responsibilities.

The governing body's responsibilities for health and safety are often incorporated in the remit of the Premises committee. A further committee may be required by the Safety Representatives and Safety Committee Regulations 1977, which states that if two union members formally request a safety committee to be set up, this must be done within three months. Representation on this committee is usually from the school staff. In any event, the Health and Safety (Consultation with Employees) Regulations 1996 extends the right of consultation on health and safety matters to all workers, not just those represented by trade union representatives.
