WELCOME

At St Anne's and St Joseph's, we want our children to experience an exciting, varied and engaging curriculum that is rooted in faith and Gospel values. We will discover our children's unique talents, nurturing and celebrating them, whatever they may be.

All of our children are encouraged to become curious and build their own dreams and are empowered to be brave enough to chase after those dreams to be the best that they can be.

Our children will be taught an exciting curriculum that inspires them to become independent and enthusiastic learners with high expectations, not only of themselves but also of others.

Each child will know God's unconditional love and forgiveness and will develop tolerance and respect for others' beliefs and cultures. Encompassed in love, the children will journey in faith in order to know their place in our school, society and the wider world.

We will encourage them to take risks within a safe and stimulating environment, promoting confidence, resilience and self-worth.

Our children will experience a nurturing outdoor curriculum within our fabulous outdoor areas, exploring new, challenging activities that will encourage them to foster a love of the outdoors and become guardians of creation.
