7. Safeguarding and maintaining high standards of education

It is a statutory requirement that all schools ensure the safeguarding of their pupils and that they continue to deliver high standards of education during school closures and where pupils are required to self isolate. We take these obligations very seriously and as such, we may record remote lessons which may include pupil voices and visual video footage as well as written personal data via the chat functionality.

Wherever possible, pupils will be notified at the start of each lesson as to whether the lesson will be recorded. The school has set out their behavioural standards which each pupil/parent must adhere to at all times and can be found on your individual school website [STA-Behaviour-for-Learning-Policy-2024-2025-1.pdf](#).

8. Storing information

The lesson recordings will be stored in the Trust's Microsoft 365 portal, which can only be accessed by authorised personnel. On occasion, where it is deemed necessary for the provision of high-quality learning, teachers may share the recording with those pupils from within the lesson class. Where there is a safeguarding matter, the recorded lesson will not be shared with any other party other than those authorised as being deemed necessary for the purposes of managing the safeguarding matter.

Lesson recordings will be stored for a period of up to 12 months, after which they will be securely deleted, unless they are subject to an ongoing safeguarding issue and it is deemed necessary to be retained for a longer period to allow the matter to be effectively resolved.
