Do you want to find out more about how your child learns maths at St Augustine's?

You are warmly invited to join us at 4:30 on Thursday 23rd November to find out what maths looks like in KS2. You'll find out some strategies you can use to support your child at home and the way we teach calculations. I will be going through the formal methods of calculations to help you feel confident in supporting your child with these at home!

If you would like to attend, please can you let the office know by Tuesday 21st November.

Looking forward to seeing you on Thursday

Mrs Coates
