

# SEND Information Report

June 2025

St Augustine's Catholic  
Primary School

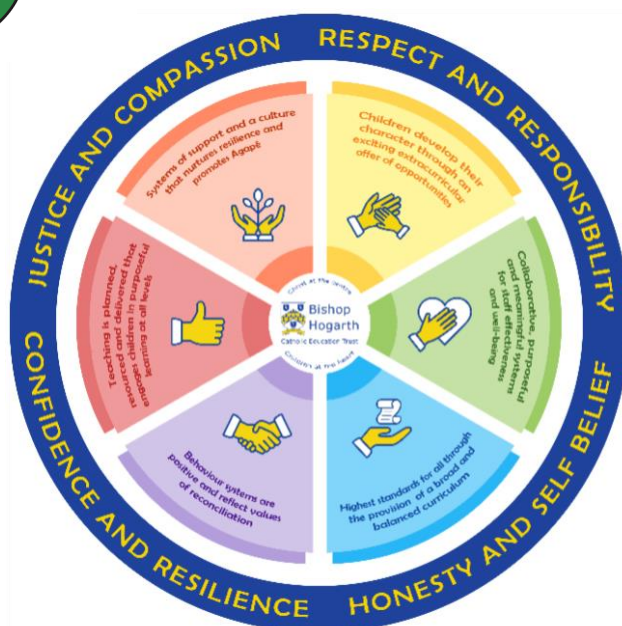

As part of the family of Bishop Hogarth Catholic Education Trust, our school has at its core, the virtues, and values of:

**Respect** for others and themselves, recognising that we are all created in the image of God and therefore must be **compassionate** towards others, especially the vulnerable.

**Confidence** in their own abilities, knowing that their talents are gifts from God and **resilience** to persevere when things become difficult.

**Honesty** in regard to the world around them and themselves and the ability to take **responsibility** for the times we may fall short of the mark.

**Gratitude** for all the amazing gifts from God and **willingness** to share their gifts both personal and material.

As an inclusive school, all teachers are teachers of pupils with Special Educational Needs & Disabilities. We deliver a curriculum and create an environment that meets the needs of every pupil within our school. We ensure that every pupil with Special Educational Needs and / or disabilities makes the best progress possible. We foster and promote effective working partnerships with parents / carers, pupils, and outside agencies. We consider the 'whole' child and strive to ensure that all our SEND pupils are prepared for adulthood.

## Our school's approach to supporting pupils with SEND

At St Augustine's Primary School we strive to be an inclusive school. Inclusion is central in the Catholic ethos and values of our school – a philosophy, which covers every child's rights and entitlement to the very best experiences education can offer. Our school aims to encourage all children to see Christ in themselves and others in a caring environment which allows them the opportunities to develop to their full potential.

**Our Augustine's approach to supporting our pupils with SEND is simple. We believe that every teacher is a teacher of SEND.**

**Our approach follows the 5 recommendations from The EEF guidance report for Special Educational Needs in Mainstream School.**

**We ensure to:**

1. Create a positive and supportive environment for all pupils without exception.

At St Augustine's we strive to remove barriers to learning and participation to ensure we provide an education that is appropriate to pupils' needs. In doing so, we ensured to promote high standards so as to enable all children to fulfil their potential. In order to do so, we ensure that relationships are key by adopting a child centred approach to creating positive relationships with SEND pupils. We promote positive relationships, active engagement and wellbeing for our pupils. We ensure that all pupils are provided with and access the best possible teaching.

**2. Build an ongoing, holistic understanding of our pupils and their needs.**

We make it a priority to understand the individual learning needs of all of our children by using the graduated approach of the 'assess, plan, do, review' approach. We make sure that assessment is purposeful and regular, ensuring to involve and seek input from the child, families and specialist professionals where appropriate. As a leadership team, we empower and trust the teachers to use the information they collect to inform their decisions regarding the next steps for teaching.

**3. Ensure all pupils have access to high quality teaching.**

We are firm believers that good teaching for pupils with SEND is good teaching for all. As class teachers, we are proactive in using a range of strategies to support all learners including: explicit instructions, scaffolding, modelling, flexible grouping and cognitive and metacognitive strategies. Class teachers adopt the process of adaptive teaching so that all pupils can access and learn.

**4. Complement high quality teaching with carefully selected small-group and one-to-one interventions.**

We ensured that all interventions, whether they are small-group or one-to-one are used carefully and to complement high quality teaching. For most children, we believe that high quality teaching will reduce the need for extra support. For those children who require additional support, we ensure that these are high quality, structured, targeted interventions to support the child in making progress. We carefully target these interventions through identification and assessment of need through our graduated approach.

**5. Work effectively with teaching assistants**

We take great care to ensure effective deployment of teaching assistants across St Augustine's to ensure they have a positive impact on pupils with SEND. We firmly believe that Tas should supplement not replace teaching from the class teacher.

## How will the school staff support my child?

The graduated response-Identifying, planning for and supporting pupils with SEND

Where a pupil is identified as having a special educational need, School will follow a graduated approach which takes the form of cycles of 'Assess, Plan, Do, Review'.

- **Assess** a child's special educational need.
- **Plan** the provision to meet your child's aspirations and agreed outcomes.
- **Do** put the provision in place to meet those outcomes.
- **Review** the support and progress.

## How does the school know if children need extra help and what do I do if I think my child has special educational needs?

### 1. Assess

Our teachers work carefully to carry out observations and hold discussions with key individuals including the SENDCo, parents/carers and the child so as to accurately identify, understand and assess child's individual needs so that we can provide the right support. We believe it is crucial to ensure that families, and where appropriate the child, are actively involved in this process. When required, with parental consent, we may further seek advice from external professionals including: Education Psychologist, Speech and Language Therapists, Occupational Therapists, CAMHS and outreach teams.

### 2. Plan

Following the assessment, our teachers will invite families into school for a meeting to discuss the plan for what support will be put into place for each child. In partnership with school and home, we agree the SMART outcomes to be focussed on during that half term. We make sure these are specific, measurable, achievable, relevant and timely. The plan ensures to involve the child and the family at the centre. During this time, it will be discussed what support will be required and any provisions and interventions identified. The plan will be agreed and given to families at the end of the meeting.

### 3. Do

Our teachers are skilled at adapting teaching and learning to meet the diverse needs in each class. Daily planning considers individual children's needs and requirements and is annotated and adapted according to need. Explicit reference is made in the teacher's planning to the needs of those children identified with SEND. Adaptive teaching is approached in a range of ways to support access to the curriculum and ensure that all children can experience success and challenge in their learning. Grouping arrangements consider the different skills and abilities of each child. This ensures that learning is maximised. Additional adults support groups and individual children with the long-term goal of developing independent learning skills. The class teacher monitors this support to avoid students becoming over reliant on this. We fully encourage parental support and offer opportunities for individual meetings with parents/carers to provide clarity and recommendations on how they can support their child at home.

#### 4. Review

Termly, families are invited into school to review the child's progress. Half-termly, progress is reviewed by teachers and shared with families via Dojo or a Phone call. This is documented on Edukey. It is important that families and the child are involved in this review. This will involve a discussion with all involved about how effective the support has been and the impact noticed. The previous SMART outcomes will be discussed and reviewed. The next steps will then be carefully planned and new outcomes set. If a child has not met the outcomes set, it will be important to discuss and decide what can be done next. It might be that involvement of external professionals may be requested to provide a greater understanding into a child's needs and to support the next steps. For some children, the next step may be, in partnership with families, to ask Darlington Local Authority for an EHC needs assessment. If families also think it is needed, they can do a parental

How will the curriculum at our school be matched to my child's needs?

#### **The 4 Broad Areas of SEN**

SEN needs are classified under four broad areas of need. Below are the strategies, in class support and interventions that school may put in place to support your child.

#### **Communication and Interaction**

Strategies to support children with these needs include:

- QFT approaches to support the development of social communication and interaction skills.
- Flexibility to support the child to follow instructions and record work.
- Flexible pupil groupings to encourage positive peer speech and language models
- Visual systems including visual timetables.
- Preparation for change and the need for clear routines,
- Reduction of complex language especially when giving instructions and asking questions.
- Targeted support for parts of the day including unstructured parts of the day e.g. start and end of the school day, breaks and lunch times.
- Support for areas of sensory needs for example a 'time out' space
- Environment adaptations so as to reduce stress and anxiety.
- Opportunity for planned small group activity focussing on language and communication.
- Zones of Regulation
- Lego Therapy
- Sensory Circuits
- ELKLAN
- Social Stories
- Comic Strip Conversations
- The Incredible 5 Point Scale

## **Cognition and Learning**

Strategies to support children with these needs include:

- Simplify level / pace / amount of teacher talk
- Opportunities for skill reinforcement, revision, transfer and generalisation
- Opportunities for small group work based on identified need
- Emphasis on identifying and teaching gaps assessment.
- Formal teaching of vocabulary concepts including pre-teach
- Multi-sensory learning opportunities
- Alternative ways of recording
- Technology including ICT as appropriate e.g. text to speech and Clicker.
- Visual cues to support auditory information.
- Scaffolding
- Pre and post teach.
- Over learning
- Nessy
- Colourful Semantics
- Precision Teaching
- Sounds Write
- Touch Typing- Read and Spell

### **Sensory/Physical**

Strategies to support children with these needs include:

- Sensory Circuits
- Speed Up!
- Technology to support including access to appropriate ICT provision e.g. Clicker.
- Differentiated writing materials and equipment.
- Attention to position within the classroom.

### **Social, Emotional and Mental Health**

Strategies to support children with these needs include:

- Clear routines and visual timetable
- Consistent rules and expectations across all staff
- Group work to be planned and tailored to meet identified need.
- Emotional literacy delivered by our 2 ELSAs.
- Preparation for changes to routines/changes/staffing
- Comic strip conversations
- Social stories
- Zones of Regulation
- The Incredible 5 Point Scale
- Sensory Circuits

## What training is provided for staff supporting children with SEND?

### **Whole Staff**

What is SEND? Areas of Need. Darlington Ranges. Current context of school. Graduated response. NASEN – support for SEND across the curriculum. Universal Offer. SMART Target training. Initial and ongoing Edukey training. Adaptive teaching. Every Teacher is a Teacher of SEND. Zones of Regulation. Dyslexia Awareness through Nesy. EP support and drop in consultations. PDA. Autism and Neurodiversity training

### **Bespoke Training**

Delivery of provisions including: precision teaching, colourful semantics, sensory circuits. ELSA training and supervision sessions. Beacon House developmental trauma. Autism and Practical support. Managing behaviour that challenges. ELKLAN EEF Communication Friendly Settings Programme.

## How do we support transition in our school?

### **Transition within classes/key stages:**

- Morning transition where children meet their new class teacher
- Extended transition offers for those children who require this
- SEND hand over at the end of the academic year where outcomes are reviewed and new set with the family, current class teacher and next years class teacher present.
- Thorough written hand over documents to the next class teacher

### **Transition to Secondary settings:**

- SENDCo and Y6 teachers in regular discussion with secondary schools including formal meetings.
- Pupil profiles for all children with SEND written
- SEND plans and documentation shared
- Enhanced transition offers for those children who require this additional to the 2 days
- Visits arranged prior to the transition days for those children who require this.
- Meetings with the secondary SENDCo's organised where required.

## Where can I get further information about services for my child?

### The Local Offer

The Local Offer is Darlington Borough Council's publication of all the provision the local authority expects to be available across Education, Health, and Social Care for children and young people (0-25) in our area, who have special educational needs and/or are disabled, including those who do not have Education Health and Care (EHC) plans.

The main purpose of the Local Offer is to provide clear, comprehensive, accessible and up-to-date information about the available provision and how to access it; and to make provision more responsive to local needs and aspirations by directly involving children and young people with special educational needs and/or disabilities, their parents, and service providers in its development and review.

Independent, impartial advice on all matters SEND is freely available to children, young people and their parents and carers from SENDIASS and also from the Darlington Parent Carer Forum. The staff in these organisations have had relevant training regarding the SEND Code of Practice and the Equalities Act, as well as appropriate personal checks carried out on their suitability to carry out their roles. Both organisations comply with data protection legislation to keep you and your information safe and secure and both are covered by public liability insurance. When seeking advice and support on SEND matters please ensure you are doing so safely – the easiest way to do this is through the appropriate and recognised channels.

For more information please see: <https://livingwell.darlington.gov.uk/Categories/528>

## What key school documents refer to support and provision for pupils with SEND?

- SEND Policy
- Admissions Policy
- Supporting Pupils with Medical Needs Policy
- Accessibility Plan

## What to do if you have a complaint, a compliment, or a query.

### **The school details and relevant contacts**

You can telephone on: 01325 380819

You can email at: [office@staugustines.bhcet.org.uk](mailto:office@staugustines.bhcet.org.uk)

Key Contacts:

Mrs K Whitehead - Headteacher

Mrs Coates - Deputy Headteacher

Miss Barnard - SENDCo

### **Name of school SEND governor.**

vacancy - Foundation Governor and Governor responsible for SEND
