Lead Monitoring Role	Curriculum and Community - Chair	
Interests	<p>My interests mainly include music, nature and sport. I attempt to play the guitar and enjoy playing football, walking and cycling. I have always enjoyed nature and the outdoors particularly gardening and bird watching. In addition to this I am an NHS Volunteer and a member of a parish visiting group. In the past I have been a member of the St Vincent de Paul Society to support others in our community.</p>	
Personal Statement	<p>I have a strong affinity with the rites, practices and ideals of the Catholic Church and Catholic education. I believe its aim is to promote gospel values including love, care, tolerance, forgiveness and understanding in order to develop well rounded children and adults who reflect Christs love and care for all. I have had the privilege to work in Catholic primary education for over thirty years including over twenty years as a headteacher. I particularly enjoy working with people to nurture and promote everyone’s many skills and talents for the benefit of the school community.</p>
