2. Would you recommend St Augustine's school to another parent?

Yes: 227 responses

No: 5 responses

3. Is there any comment you would like to make about the questions / statements above?

A brilliant year for my lad, the consistency, teaching and growth this year has been great!! Brilliant teachers!!
All school staff is very friendly and helpful. My son loves going to school every day.
Amazing school. I have had issues with my child's behaviour and they have been dealt with so well and I am constantly kept informed about him to help us all help him to be better at school. The reception class teacher Mrs Thompson and the TAs Mr S and Mrs Nisbet are an absolute asset to the school and I have never had a query or question or suggestion which hasn't been dealt with appropriately
Better information about what the curriculum will cover for the school year would be helpful, currently we can only go off limited information provided in parents meetings when we ask.
Choice of different languages
Do not enough about what topics my child's class will be covering
Everything is perfect so far
Have gone above and beyond for us as a family due to my child's medical issues
I don't know what my child is going to be learning and also the school needs to bring back spelling test and assignment as my child spelling is bad.
I feel that the school could keep us up to date more about what my child will be learning this year so that I can assist with his learning at home.
I would like more updates on my child's progress and what they are learning so we can assist them further at home
I would like to have consistency and efficiency in the setting of homework for my child, as Covid has set them back somewhat. I feel compared to other classes, my child seems to get the bare minimum.
Keep up the great work
Lovely staff, amazing teachers, I love how they are there every morning greeting students. Concerns can easily be raised and are dealt with effectively. They have an immense respect to other people religions and beliefs. My 9 yrs old can now speak about Christianity, Islam and Hinduism respectfully.
Mrs Thompson is really good. Her communication is amazing on dojo. Found a massive difference now my child go's into willow. Really appreciate the timely and detailed responses Mrs Thompson provide and I see the difference with willow which I'm a bit disappointed with.
My child enjoys and loves attending St Augustine's her brother will be joining and starting school in September. And is very excited 😊
My child has had a great start to their school journey in Blossom. They are happy to go to school and miss the teachers when they're not there. The teacher is very approachable and will answer questions out of school hours to ensure I am kept up to date on everything.
My child loves attending the School everyday.
My children attend this school and never had a problem. They happy at school and definitely recommend the school to people.
My children ranging in age from 6 to 15 have all attended this school and I am very happy with it and wouldn't send them anywhere else.

My son enjoys coming to school, he is making good progress. Keep up the good work 🙌

My son is happy at school and enjoys coming.

My twin's love the school settled in really well

No comments. I like this school for my kid.

Reception teachers/staff are absolutely fantastic. Brilliant team who complement each other.

Thank you for a brilliant start to primary school.

The teacher gives updates and steps to help my child

This is a fantastic school and has achieved so much in normal and covid times. Excellent headmaster can't praise him enough. The experienced teachers are amongst the best I have seen. There will always be room for Improvement and this is reflected in the response as constructive criticism. The school is really a great place for my children. Well done to everyone for doing such an amazing job.

Very good school wish I had choose it before my children settled in very well thankyou

Wonderful school, wonderful staff, Headteacher is always approachable, always there to talk to. Great communication

You should take children's problems more seriously and take actions when needed.

4. Do you have any other suggestions for improvements or comments about the school?

All teachers should aspire to follow Mrs Thompson in her manner of dealing with parents- she's very approachable and I always feel I can ask her anything. She's very informative if I've asked her anything on dojo.

Could children learn foreign languages?

Get Mrs Archibald back.

Halal food

I don't think bullying incidents are very well dealt with. My child complained about an older child bullying them by calling names and poking them. And the teacher didn't take my child's concern seriously.

I have seen a big improvement with both of my children's at school this year after a hard year with covid they seemed settled 😊

I understand that kids need to be judged on their abilities but if they didn't have to go to different classes personally feel it would be better.

I would like the school menu to have more options for my child.

Would also love to see parents more involved with the school activities etc.

I Would like to suggest : meals for pupils should be more healthy

I'd like to know what my child is being taught each term. Topics given would be great.

I'd like to see more pictures of my children on dojo when they doing something exciting. I've hardly seen anything this year compared to when my child was in sycamore and blossom class.

I'd like to see what my child will be learning each term. I'd always like to see sports day and other events where parents can attend to take place in the afternoon as mornings are always a rush rush. I'd like to see more pictures of my child on dojo.

It would be good to see a half term pupil progress report,

Let the children to choose their book (for home reading)

Love everything about it.

Make sure child make a notes and get homework for an additional language

More interaction with parents and giving them information about their child's development. Hardly had any parents evenings where we can discuss the progress.

More number of classes on regular subjects.

My daughter loves coming to school! That's due to fantastic staff and good leadership.

Newer teachers should get appropriate mentoring support to bring them up to the very high standards and expectations we have become used to. There appears to be a lack of drive in one class to push the children. My child does very little homework or reading. I can see this year their progress has been limited.

No, the School is doing really well for all the pupils

Really impressed with your reception and year one staff and how they support and encourage the children. They really do make everyday at school enjoyable and learning fun!

Regular homework and spelling do complete at home.

The school is very inclusive

To have halal meat so the children can have a meat option at school too

To have halal meat on menu

Would be helpful if we know the curriculum, and what they are expected to learn this year.
