Improving attendance

The link below provides details of the Government's new guidance on how to improve your child's school attendance and where parents can go for support if needed.

It is usually safe for children to attend school with mild illnesses such as a minor cough, runny nose or sore throat. However, children should stay at home if they have a high temperature of 38C or above.

This Sunday, 5th May 2024, is the Sixth Sunday of Easter

Gospel: John 15: 9-17

“As the Father has loved me, so have I loved you. Now remain in my love. If you keep my commands, you will remain in my love, just as I have kept my Father’s commands and remain in his love. I have told you this so that my joy may be in you and that your joy may be complete.

My command is this: Love each other as I have loved you. Greater love has no one than this: that he lay down his life for his friends. You are my friends if you do what I command. I no longer call you servants, because a servant does not know his master’s business. Instead, I have called you friends, for everything that I learned from my Father I have made known to you. You did not choose me, but I chose you and appointed you so that you might go and bear fruit—fruit that will last—and so that whatever you ask in my name the Father will give you.

This is my command: Love each other.
