with

you

National Tree Week

A future filled with trees

A photograph of a sunset over a body of water. The sun is low on the horizon, creating a bright, warm glow that reflects on the water's surface. In the foreground, several concentric ripples from a dropped object spread out across the water. The background shows a line of trees silhouetted against the bright sky.

The Man Who Planted Trees

The Man Who Planted Trees

A photograph of a tree-lined sidewalk. On the left, there is a dense green hedge and several black park benches. A paved path with a yellow line runs down the center. On the right, a row of young trees is planted along a grassy strip next to a road with cars. The scene is bright and green, with sunlight filtering through the leaves.

A tree-filled future for all

 National
Tree Week

Keep sharing the love
throughout the year

 National
Tree Week

“Trees and hedgerows help us tackle climate change, provide homes for wildlife, improve our health and so much more. We need to help them back and by getting involved, you’ll be part of growing a greener, tree-filled future for all of us. We’re so grateful to everyone across the UK for taking part in National Tree Week”
– Sara Lom, The Tree Council CEO

A photograph of a field with many young trees planted in rows. Each tree is protected by a wooden stake. The trees have sparse, brownish leaves, suggesting autumn. The background is a hazy landscape with more trees in the distance.

We're planting trees to remember
the First World War

“I can’t wait to watch
my tree grow.”

A young boy with a joyful expression is crouching in a field, planting a small tree sapling. He is wearing a blue jacket with yellow accents and a black beanie. His hands are positioned to secure the sapling in the soil. The background shows a vast, open landscape with dry grass and distant trees under a clear sky. The right side of the image is partially obscured by a solid orange vertical bar.

“My great-grandchildren will
climb this tree one day.”

“This is much more fun
than being in a classroom”

Ancient woods
are special

**“We like finding new things we
haven’t seen before”**

“I love exploring!”

Woods are
important
for wildlife

Trees make
oxygen, and
clean our air

Trees provide shade

Trees help reduce the
impact of flooding

Dear God,

Thank you for the wonderful trees all around us.

Thank you for their strong trunks and their shady leaves.

We thank you for the fresh air we breathe because of them.

We thank you that they are home to so many birds and bugs.

Please help us to look after every tree, big and small.

Help us to remember that trees are a special gift to our world.

During National Tree Week, we promise to care for the earth and all its nature.

Amen.

Wood is used for everything
from pencils to playgrounds

Wood is an environmentally friendly fuel

Trees are important in towns and cities too.

A photograph of two young children, a boy and a girl, both wearing red long-sleeved shirts, hugging a large tree trunk. The boy on the left is wearing a camouflage cap. The girl on the right has a red headband. They are surrounded by lush green foliage. The text "Life's better with trees" is overlaid in white on the right side of the image.

Life's better with trees

And all the angels
sang for him,

the bells of heaven
rang for him

for a boy was born,
king of all the world.
