Reflection

How can we help to protect God's creations
during Lent?

How can we help to save energy?

How can we save water?

How can we save trees and plants?

How can we reduce the amount of paper and
plastic we use?

CHANGING THE SHAPE OF MATERIALS

Changing Shape

Explore the objects on your table and record your answers by putting a tick or a cross in each column.

Object	Can You Squash It?	Can You Bend It?	Can You Stretch It?	Can You Break It?
plastic bottle				
paper straw				
rock				
drinking straw				
playdough				
foam board				
string				
aluminum foil				

The shape of these objects can be changed in some ways but not in others. For example, you can squish a rock but you cannot stretch it or break it.

Squashing, Bending, Twisting and Stretching

Squash an object by pushing both hands together.

Bend an object by pulling both ends of the object and bringing the ends towards together.

Twist an object by turning your hand in opposite directions.

Stretch an object by pulling both ends.

TOGETHER

WE CAN

MAKE A

DIFFERENCE

I can make a difference

You can make a difference

We can make a difference In this world of ours (repeat)

I've got the power – to do some good

I've got the power – to change my attitude

I've got the power – to say if I don't agree

I've got the power – to dream what I'd like to be

I can make a difference...

You've got the power – to go the extra mile

You've got the power – to listen for a while

You've got the power – to lend a helping hand

You've got the power – to try and understand

I can make a difference...

We've got the power – to choose between right or wrong

We've got the power – to sing along with this song

We've got the power – to show a little grace

We've got the power – to make this a better place

I can make a difference...
