## Learning in EYFS: Geography

The EYFS framework is structured very differently to the national curriculum as it is organised across seven areas of learning rather than subject areas. The aim of this document is to help subject leaders to understand how the skills taught across EYFS feed into national curriculum subjects.

The table below outlines the most relevant statements taken from the Early Learning Goals in the EYFS statutory framework and the Development Matters age range for Reception to match the programme of study for geography.

The most relevant statements for geography are taken from the following areas of learning:

- Mathematics
- Understanding the World

Geography			
Reception (development matters)	Understanding the World		<ul style="list-style-type: none"> <li>• Draw information from a simple map.</li> <li>• Recognise some similarities and differences between life in this country and life in other countries.</li> <li>• Explore the natural world around them.</li> <li>• Recognise some environments that are different to the one in which they live.</li> </ul>
Early Learning Goal (end of Reception)	Understanding the World	People, Culture and Communities	<ul style="list-style-type: none"> <li>• Describe their immediate environment using knowledge from observation, discussion, stories, non-fiction texts and maps.</li> <li>• Explain some similarities and differences between life in this country and life in other countries, drawing on knowledge from stories, non-fiction texts and (when appropriate) maps.</li> </ul>
		The Natural World	<ul style="list-style-type: none"> <li>• Know some similarities and differences between the natural world around them and contrasting environments, drawing on their experiences and what has been read in class.</li> <li>• Understand some important processes and changes in the natural world around them, including the seasons.</li> </ul>
