

St Barnabas PTFA

NEWSLETTER—March 2022

Welcome to the first newsletter from your brand new PTFA!

We are delighted to be starting the year with lots of exciting ideas for raising funds for our wonderful school and this regular newsletter aims to share details of our progress towards target as well as details of past and future events. We have set ourselves a healthy fundraising target of £2500 for this year and our Christmas gift shop has seen us off to a great start!

What do we do?

FOSB are volunteer parents and guardians of St Barnabas children who find ways to raise funds for the school to allow the school to buy things that normal funding does not cover.

A huge thank you!

We have set an ambitious target to raise £2500 this school year, the Christmas Gift Shop has already contributed £754.47 towards this target, and this fundraising has enabled the school to invest in the trim trail, playground markings and our very own MUGA!

The money raised is there to benefit our children. Staff will be able to suggest how we can spend the funds but the children will have a huge say too. We will keep you updated on what is bought, and again please feel free to make any suggestions for the school via our email.

Have your say!

We understand that it may not be practical to join the PTFA and commit your time to organising and running events – but we want your ideas! Please let us know what fundraising and spend ideas you have by emailing us at f.o.stbarnabas@gmail.com with any suggestions on what you would like to see at the school! Alongside this there will also be opportunities throughout the year for the school council to make their own requests for what they would like us to buy for the school.
